Republican nominee Donald Trump is facing a vocal backlash from one of the most faithful blocs in the Republican fold: evangelical Christian women.

Halo Halo Fruit Dessert Recipe - Bon Appétit

Macerating the fruit makes the halo halo extra juicy and saucy, but you could just throw in any unadulterated berry. The key to this dessert (as with any sundae) is a mix of textures: icy, creamy, chewy, crunchy.

And so this election will be decided on personalities and not policy? Then you get what you all deserve ---- complete corruption in all institutions of government and the slide to socialism will be complete. Scripture warns over and over again about electing corrupt individuals and yet, here we go again. It is about policy!

Hillary is tough. And when she gets knocked down, she doesn't complain. She doesn't whine. She doesn't cry foul. No. She gets right back up and she comes back stronger for the people who need her the most. And here's what I also know is true. Hillary is one of the few people on this entire planet, and clearly the only person in this race, who has any idea what this job actually entails, who has seen the job from every angle, the staggering stakes, the brutal hours, the overwhelming stresses. And yet she is still willing to do this for us because she believes that she has an obligation to use her talents to help as many people as possible. Isn't that what we try to teach our young people? That's why she's running. See, now, that's dedication. That's what love of country really looks like." —First Lady #MichelleObama
